

INTERMEDIATE PROJECT REPORT

Independent Review and Monitoring of

235 nos. AMRUT 2.0 Projects

in West Bengal across 121 municipalities

CLIENT: National Institute of Urban Affairs (NIUA)

SRIC PROJECT CODE: IMPM (C/PR/2025-2026/196)

2nd PROJECT UPDATE MEETING

Joint Principal Investigators (PIs):

Dr. Subrata Chattopadhyay

(Emeritus Professor at Department of Architecture and Regional Planning & Advisor, CoE- UPD, IIT Kharagpur, India)

Dr. Haimanti Banerji

(Professor at Department of Architecture and Regional Planning & Deputy Leader CoE- UPD and Associate Dean CE&T, IIT Kharagpur, India)

Dr. Ram Avtar

(Associate Professor at Faculty of Environmental Earth Science & Director, Global Land Programme (GLP) Japan Nodal Office, Hokkaido University, Japan)

Dr. Gaurab Das Mahapatra

(Assistant Professor at Department of Architecture and Regional Planning & Member CoE- UPD, IIT Kharagpur, India)

Introduction to the Project

Project: AMRUT 2.0 – Independent Review and Monitoring in West Bengal

Objective: To assess implementation challenges and status of AMRUT 2.0 projects across 121 ULBs in West Bengal.

Appointed by: NIUA on behalf of MoHUA

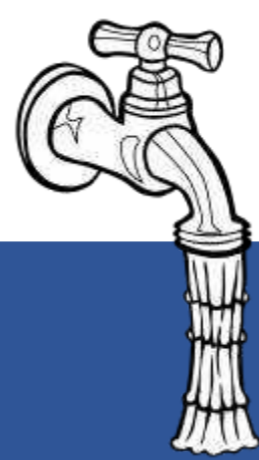

AMRUT 2.0 launched on 1st October 2021

Aim: Create self-reliant and water-secure cities

Key Components:

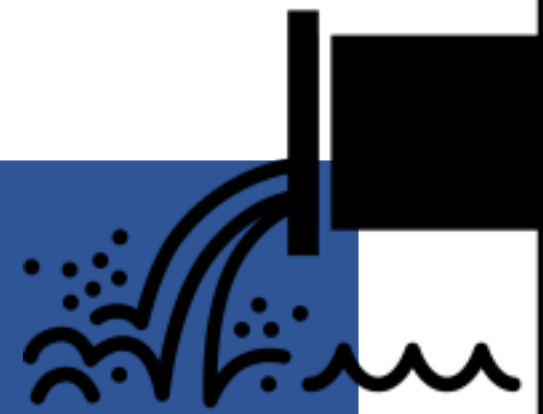

- Universal sewerage and septage coverage 500 cities
- Water body rejuvenation
- Green space development
- Leveraging technology through a dedicated sub-mission.

Projects Approved: 8,998 | Worth ₹1,89,458.55 Cr as of November 2024
National Outlay: ₹2,99,000 Cr | Central Share: ₹76,760 Cr

Water Supply

- **Focus:** Universal tap connections, improved distribution, water quality.
- **Key Components:** Source augmentation, treatment, metering, NRW control.
- **Review Focus:** Site readiness, connection rollout, and service quality.

Sewerage & Septage

- **Focus:** 100% coverage and safe sludge disposal.
- **Key Components:** Sewer networks, STPs, FSM units, household connections.
- **Review Focus:** Network completion, treatment capacity, and O&M.

Parks & Green Spaces

- **Focus:** Enhancing urban livability through green infrastructure.
- **Key Components:** Park development, landscaping, lighting, play areas.
- **Review Focus:** Physical progress, community access, and asset quality.

Water Body Rejuvenation

- **Focus:** Ecological restoration and public utility of water bodies.
- **Key Components:** Desilting, embankments, bio-remediation, public interface.
- **Review Focus:** Site protection, ecological impact, and civic usage.

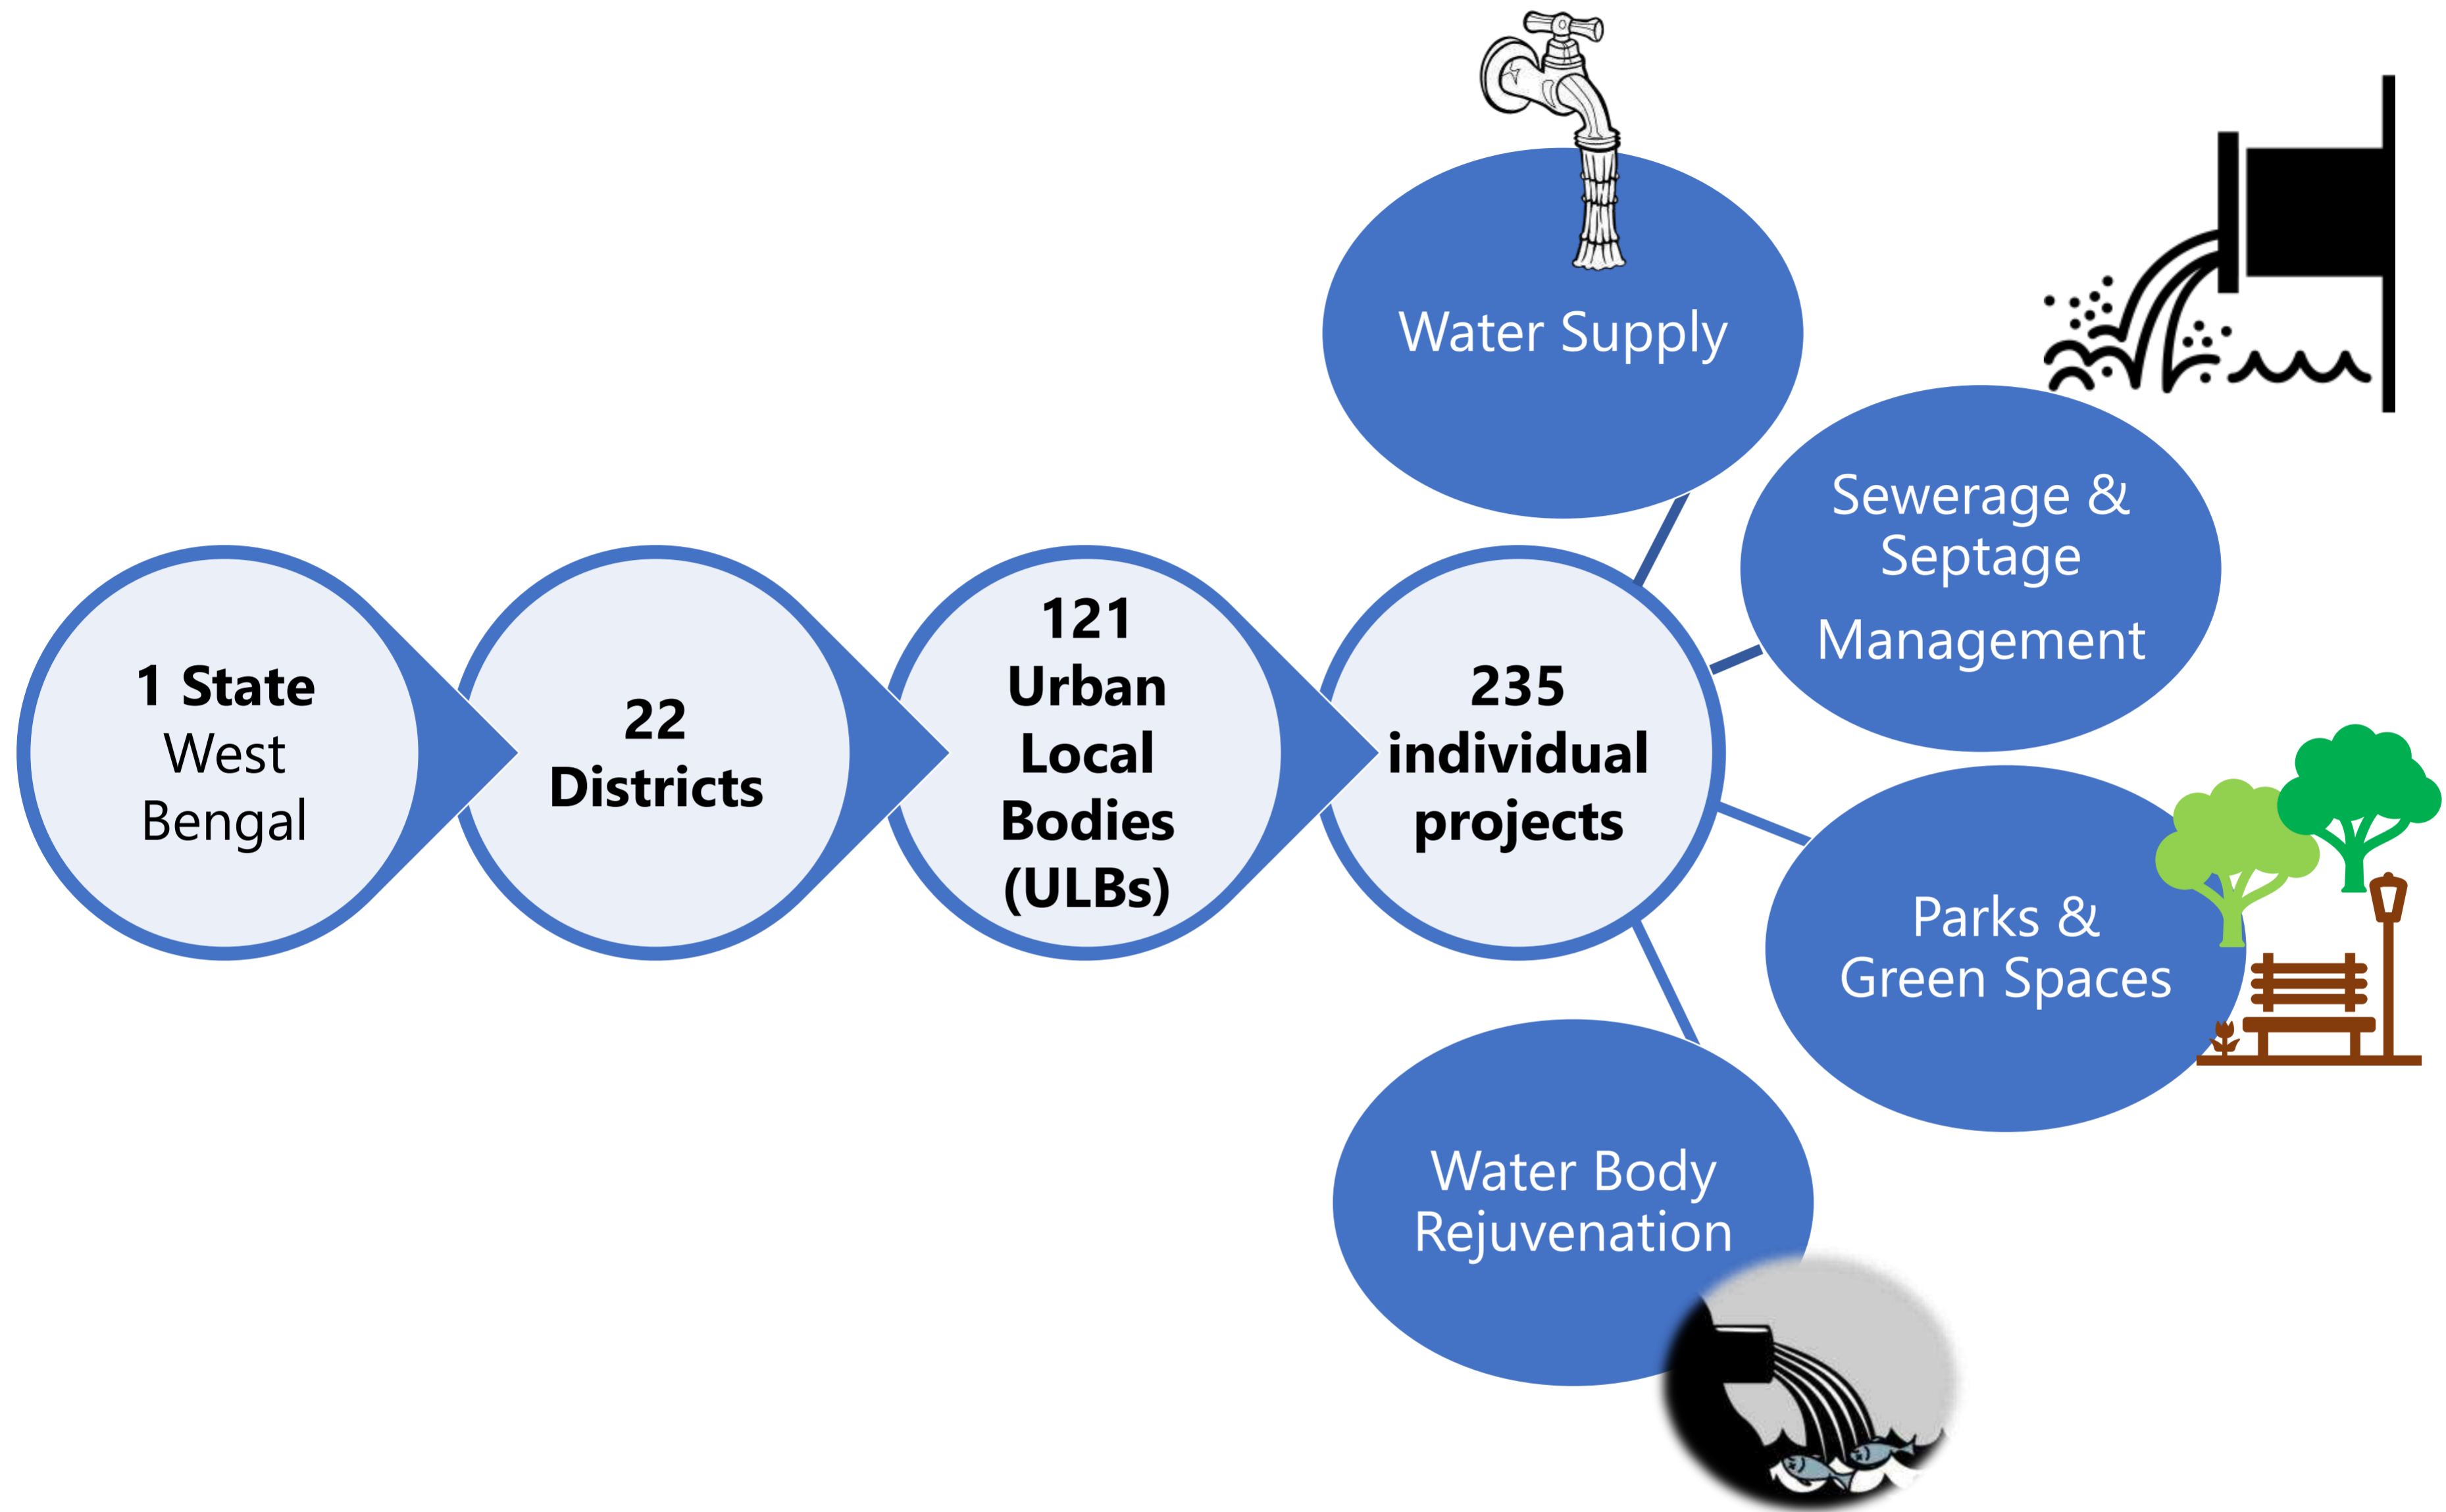

Team Details

Independent Review and Monitoring of 235 nos. AMRUT 2.0 Projects

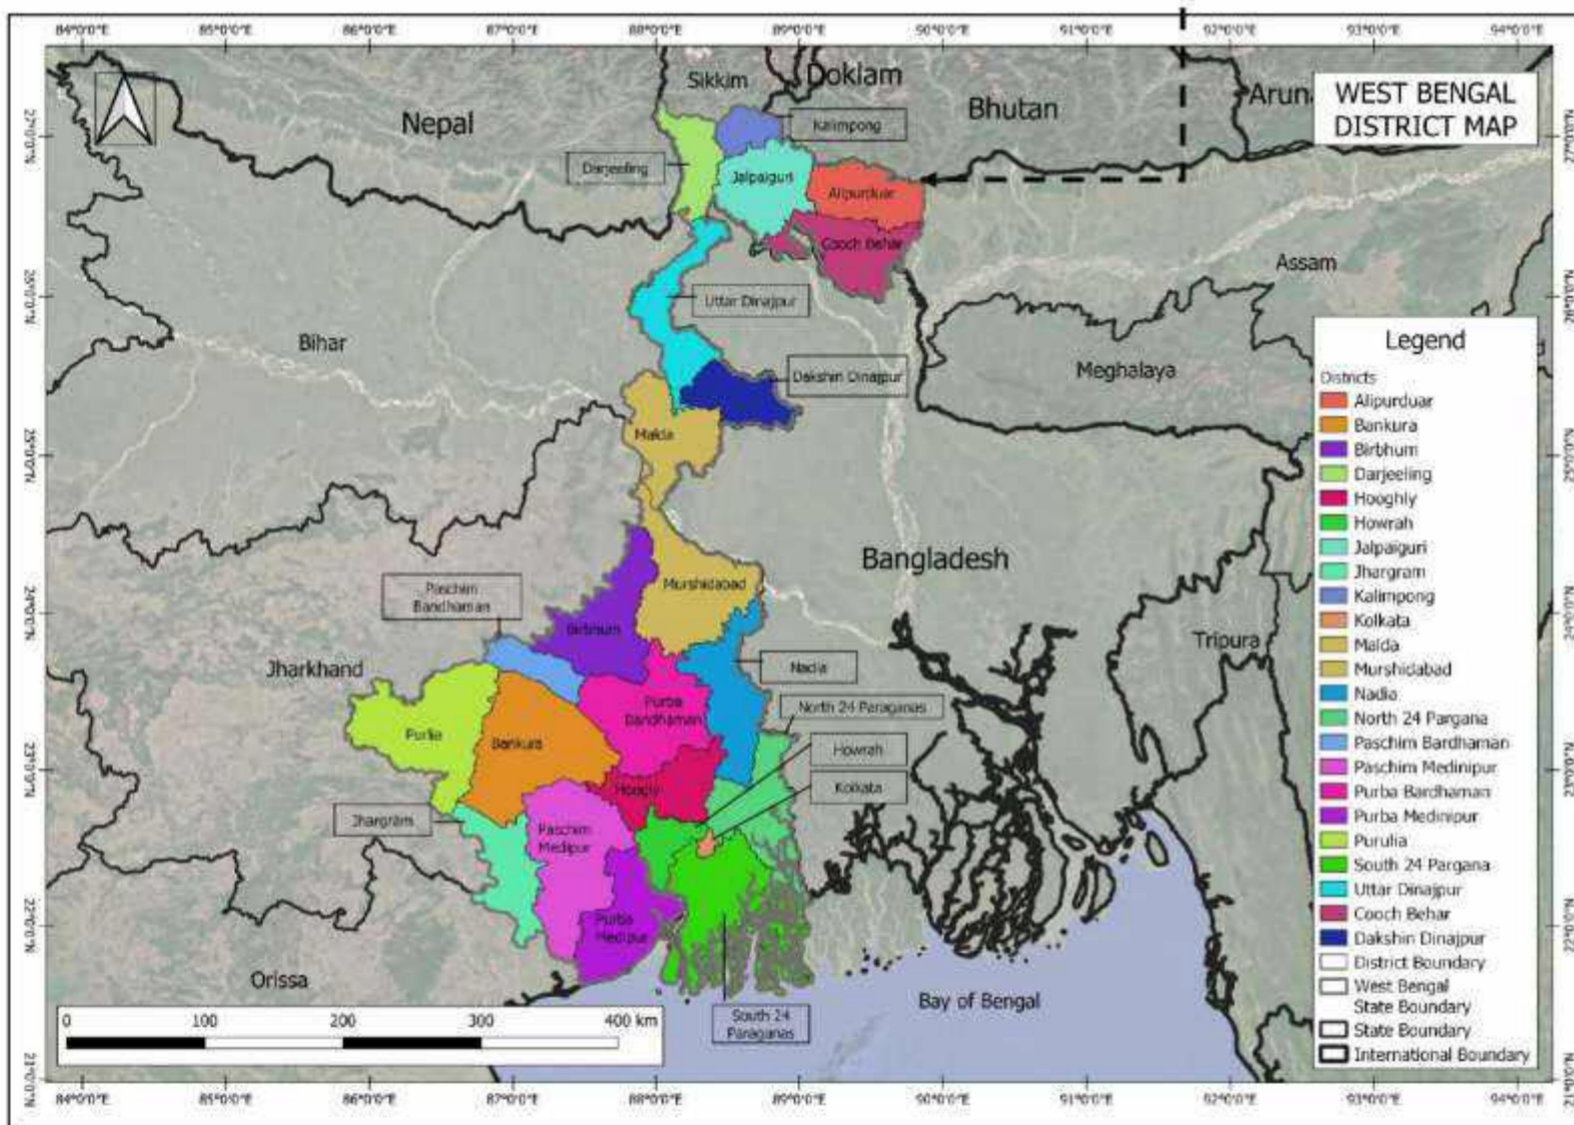

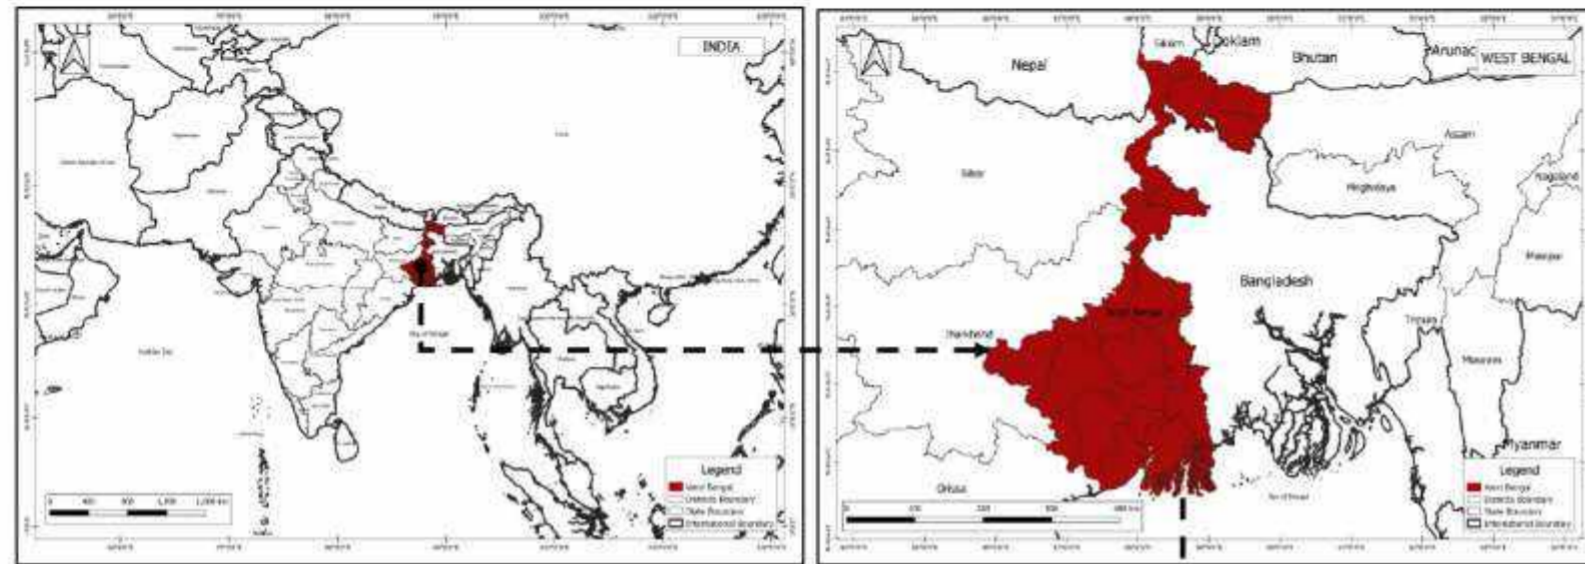

in West Bengal across 121 municipalities

Map 2 : Study Area

Project Coverage

Independent Review and Monitoring of 235 nos. AMRUT 2.0 Projects

in West Bengal across 121 municipalities

Scope of Work

Data Upload on AMRUT 2.0 Portal

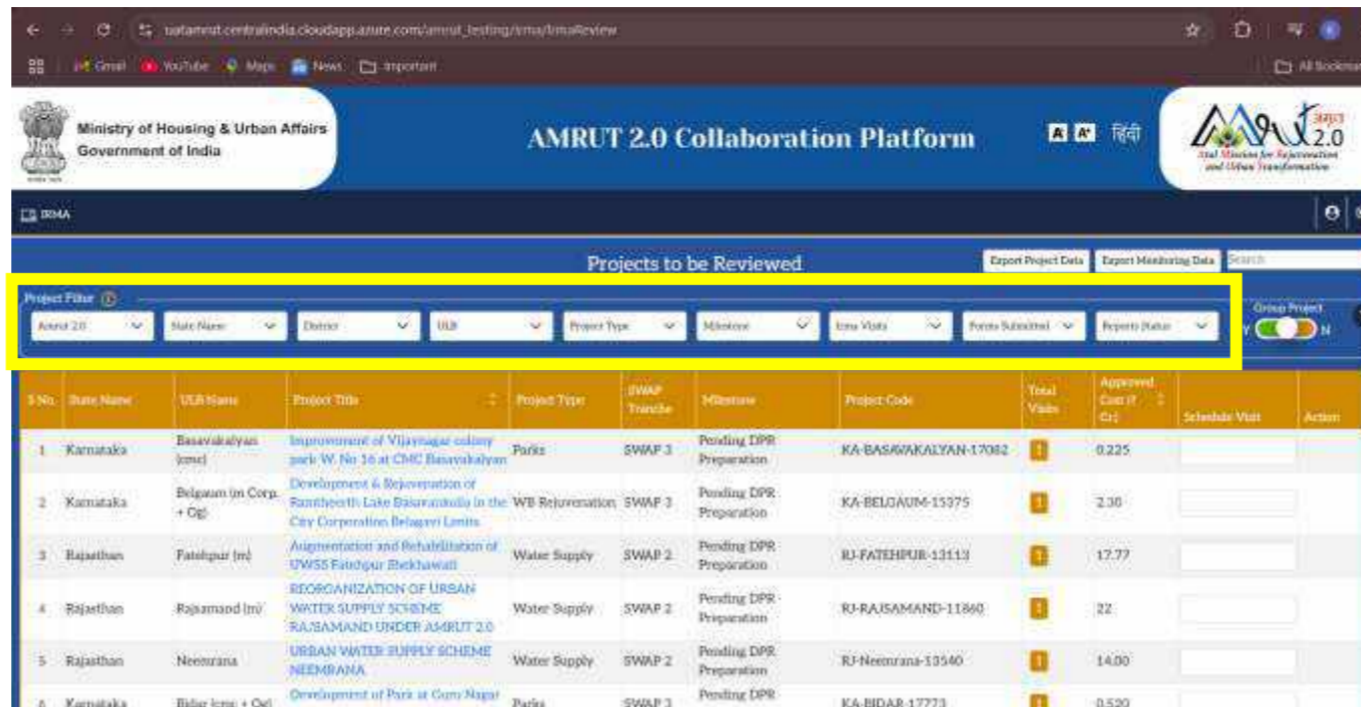

Step 1 - Open nua website

https://uatamrut.centralindia.cloudapp.azure.com/amrut_testing/

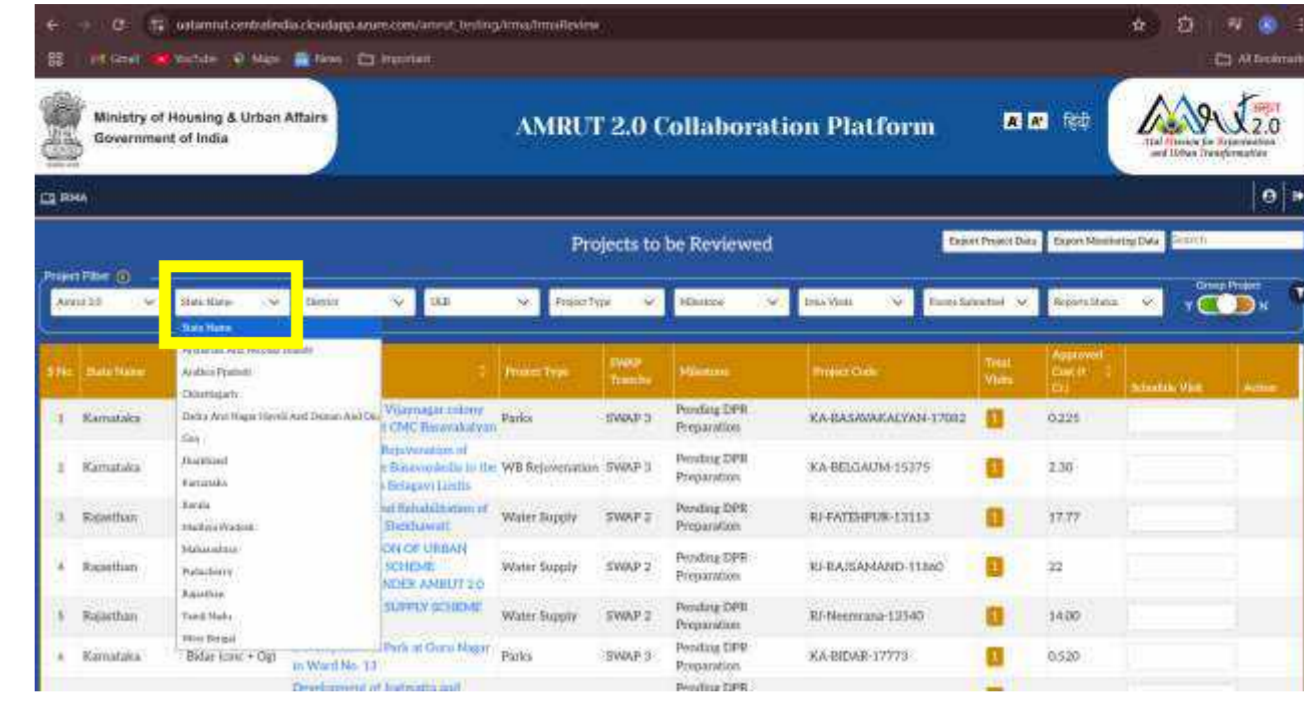

Insert - username: *****

password: *****

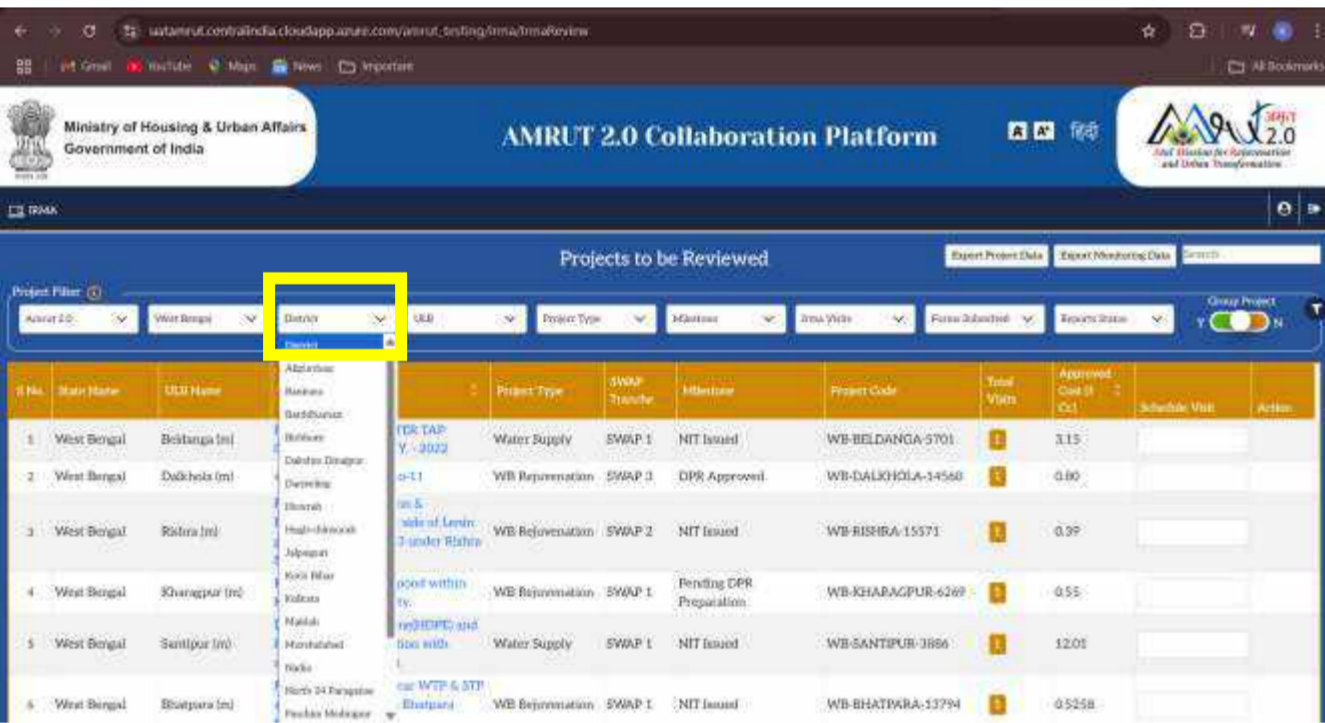

Step 2 - Key Features Displayed .

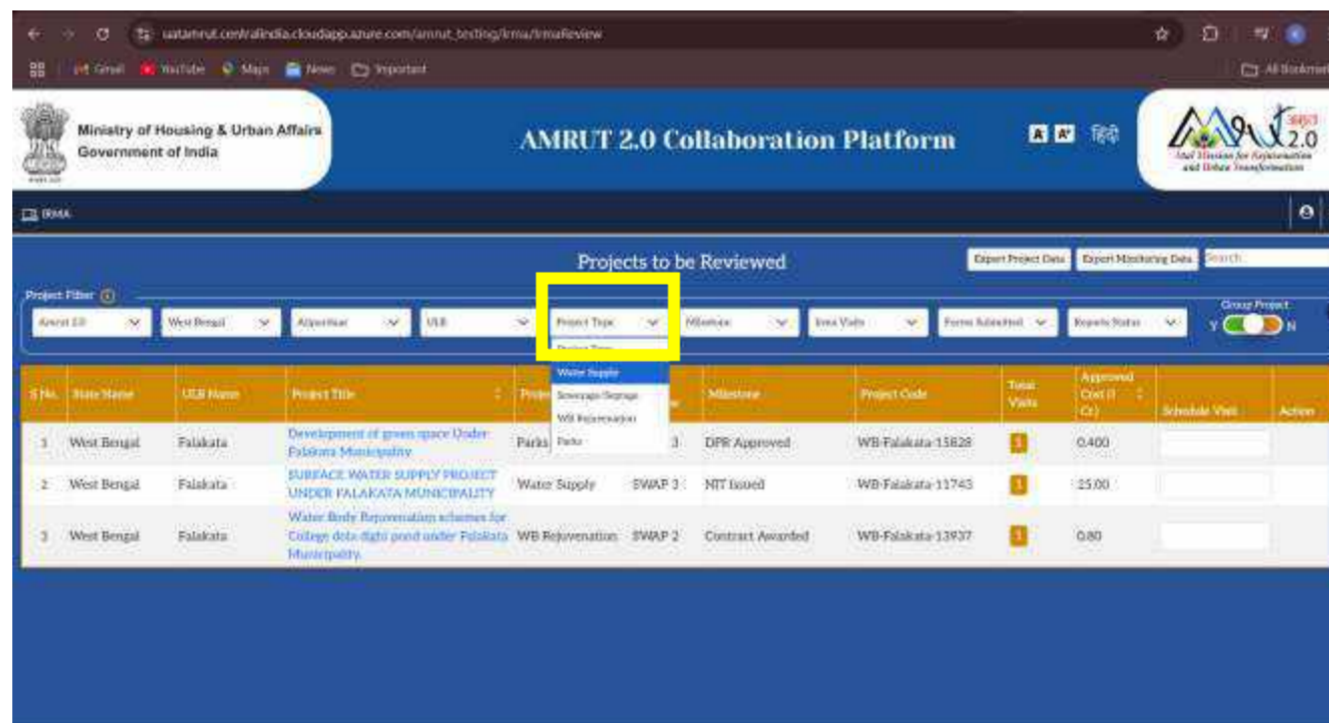

Project Filter Options: Allows filtering by State, District, ULB, Project Type, Milestone, etc

Step 3 - Select State (West Bengal) in Project Filter Options.

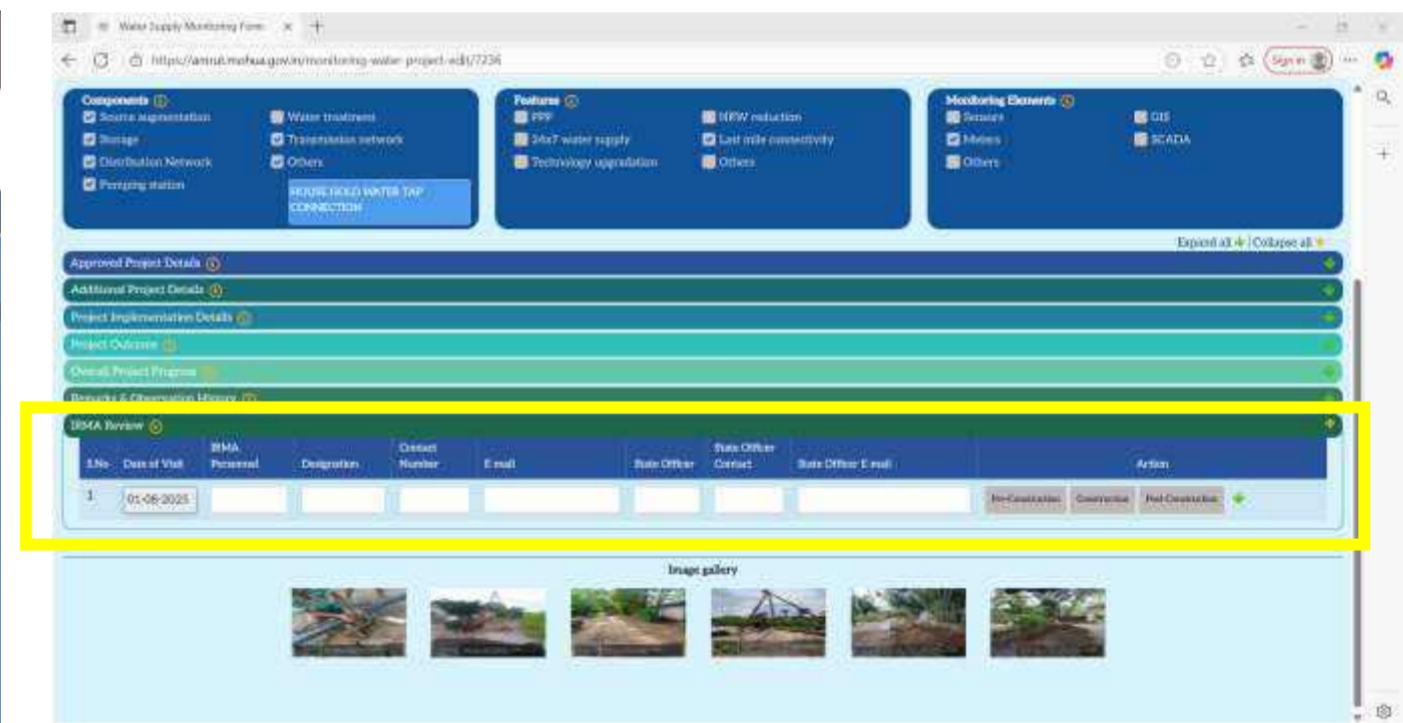

Step 4 - Select District in Project Filter Options.

Step 5 - Select Project Type in Project Filter Options.

Step 6 - Click project title .

Step 5 - Project Monitoring Dashboard visible with Sections for Structured Review:

1. Basic details
2. Approved Project Details
3. Additional Project Details
4. Implementation Details
5. Overall Project Progress
6. Remarks & Observations
7. IRMA Review to be filled.

Scope of Work

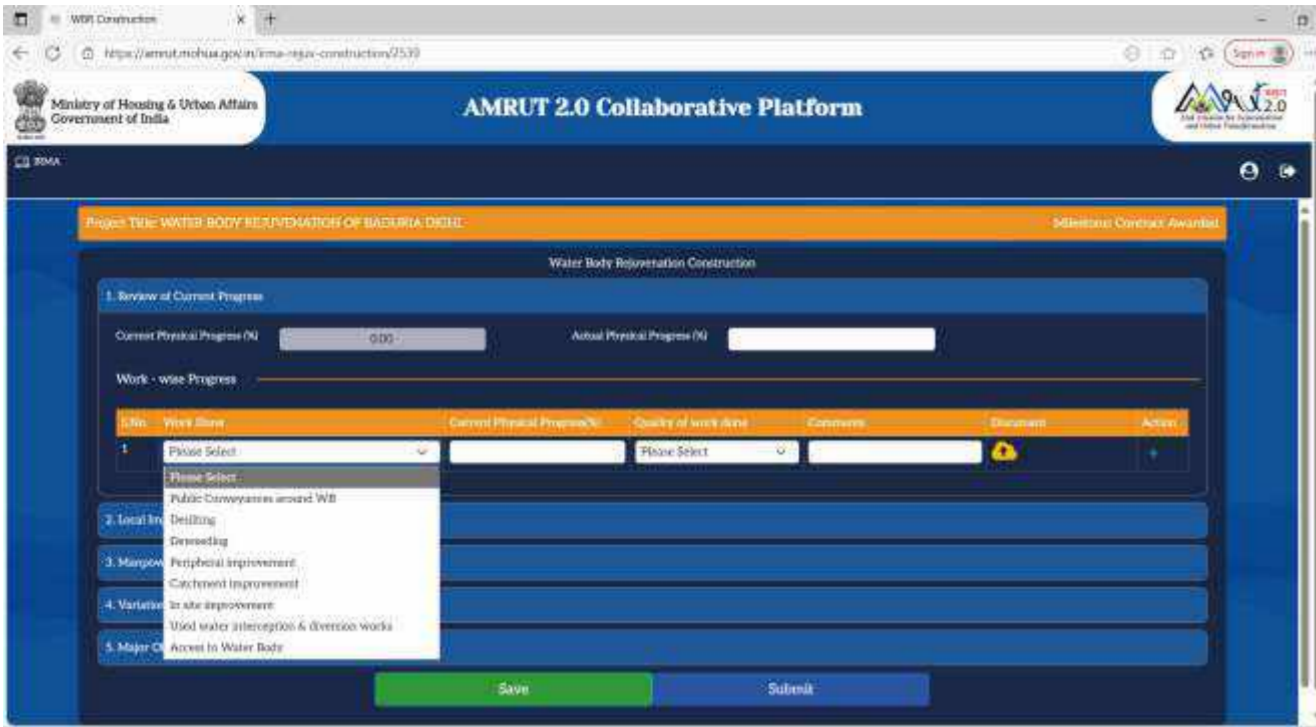

Independent Review and Monitoring of 235 nos. AMRUT 2.0 Projects

in West Bengal across 121 municipalities

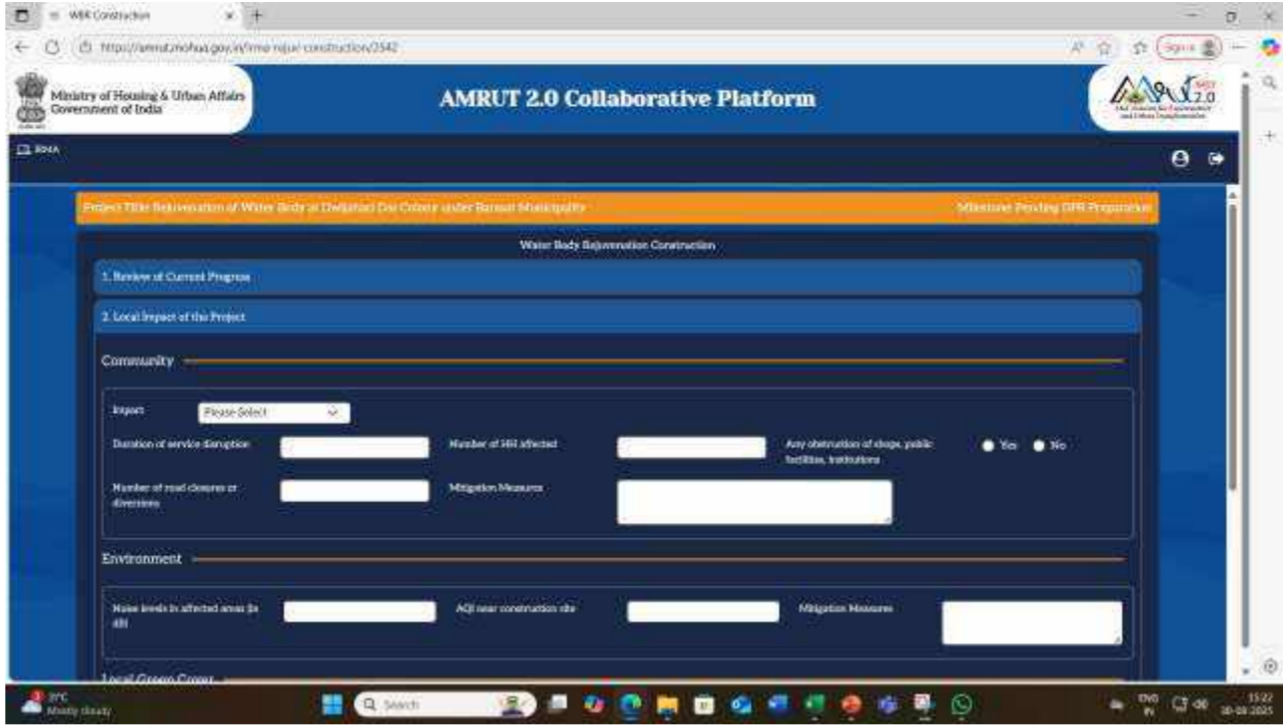

010

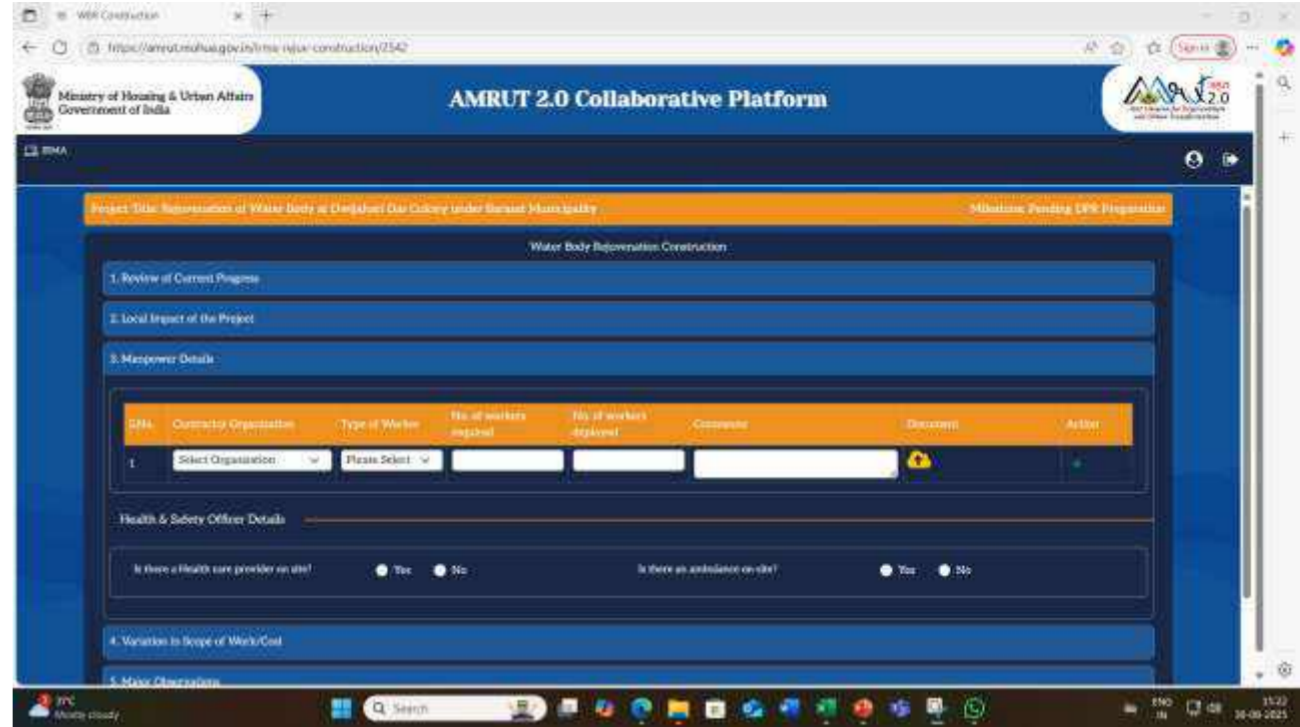

Data Upload on AMRUT 2.0 Portal

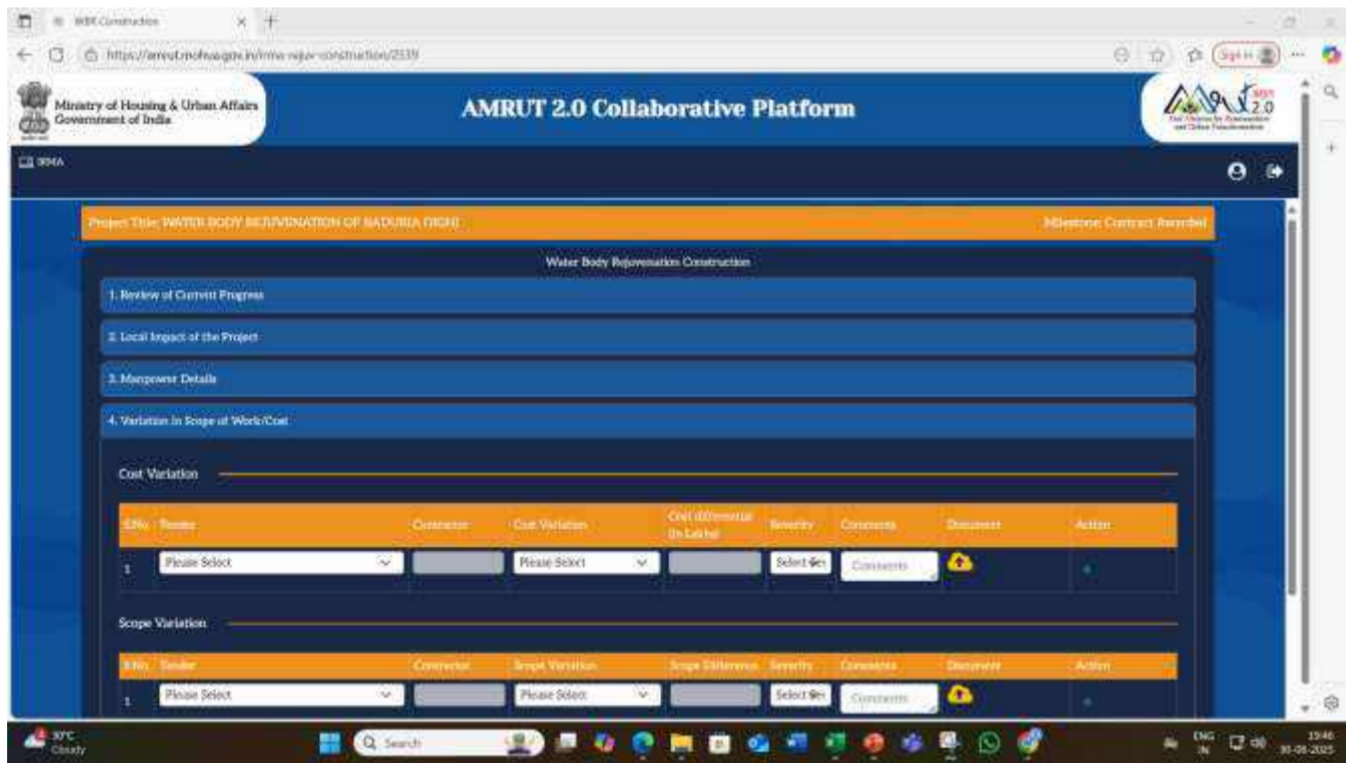

Step 1 – IRMA Review Dashboard visible with 5 Sections for Structured Review.
 1. Review of Current Progress – Having components listed.

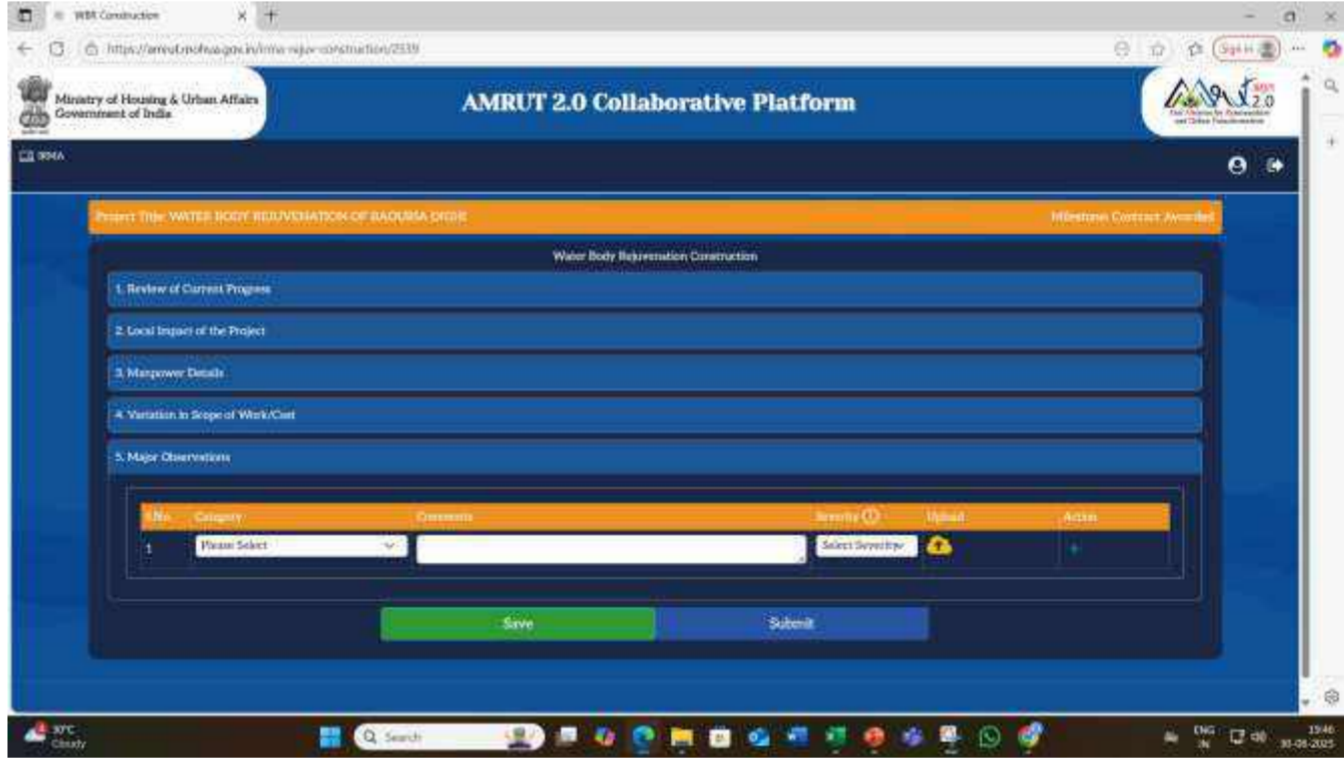

Step 2 – Fill in section – 2. Local Impact of the Project.

Step 3 – Fill in section – 3. Manpower Details

Step 4 – Fill in section – 4. Variation in scope of Work/Cost.

Step 5 – Fill in section – 5. Major Observations

Scope of Work

Independent Review and Monitoring of 235 nos. AMRUT 2.0 Projects

in West Bengal across 121 municipalities

011

Before uploading to the AMRUT 2.0 portal, data will be compiled in **Microsoft Excel** for internal validation.

Separate Excel templates have been developed for each of the 4 project typologies:

- Water Supply
- Sewerage & Septage
- Parks & Green Spaces
- Water Body Rejuvenation

Excel-Based Data Entry Template

Structure of the Template:

- Developed separately for each of the **four project typologies**.
- Images 1 & 2 demonstrate the template for the Parks & Green Spaces and Water Supply typology.
- Each Excel file consists of **5–6 dedicated sheets** for detailed input.
- Key Tabs Included:
 1. Review of Current Progress
 2. Local Impact of the Project.
 3. Manpower Details
 4. Variation in scope of Work/Cost.
 5. Major Observations

PREVIOUS OBSERVATIONS

TEAM A

- 1. Inability to provide proper documentation—**
Chandrakona, Contai, Jhalda
- 2. Project Information Being Shared by Non-UIEs -**
Dainhat
- 3. Lack of Authority and Improper Role Assignment -**
Dainhat
- 4. Rejection of Estimates by AMRUT Cell (As Per UIE) –**
Katwa
- 5. Reported Malpractices in the form of collecting miscellaneous charges –** Purulia
- 6. Some of works are modified according to Board of Councilors from municipality only -** Katwa

TEAM B

- 1. Inability to provide proper documentation:** Madhyamgram, Taki, Kamarhati, Baduria, New Barrackpore.
- 2. Communication issues between ULB and KMDA in AMRUT projects:** Madhyamgram, New Barrackpore, Kamarhati, Baranagar, Dumdum.
- 3. Non-cooperation/ absence of UIEs regarding projects:** Taki, Kamarhati, Madhyamgram, New Barrackpore, Baranagar, Dumdum.
- 4. Order from Higher Authorities to provide House service Connections to unregistered households under the ULB:** South Dumdum (occupier tax implemented).
- 5. Work orders sanctioned as per old 12% GST rates as compared to new 18% rates.**

1. Inadequate Documentation and Performance Issues Among UIEs

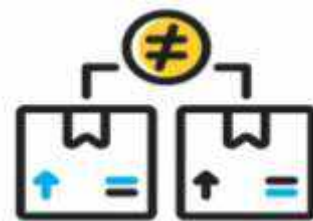

- It has been observed that some Urban Infrastructure Experts (UIEs) have not provided proper documentation related to their assigned projects.
- A few UIEs appear to lack adequate technical skills or clarity of roles, leading to delays and inconsistencies.
- In certain cases, non-cooperation and absence of UIEs have also affected coordination and overall project progress.

MAJOR OBSERVATIONS

2. Mismatch Between Reported and Actual Work Progress

- Some Urban Local Bodies (ULBs) have reported higher progress percentages than what was observed during field visits.
- The actual on-site progress in many cases is significantly lower than the figures submitted.

3. Discrepancy in Work Orders Due to Outdated GST Rates

- Several work orders were found to be sanctioned based on the earlier 12% GST rate, whereas the current applicable rate is 18%.
- This discrepancy has resulted in financial mismatches and improper project cost assessments.

CRITICAL OBSERVATIONS

| SN. NO. | Critical Observations | Name of ULBs |
|---------|---|---|
| 1 | Site visited, but data not provided due to the UIE's unawareness; information has been requested again | Jhalda, Purulia, Kamarhati, Madhyamgram, Gobardanga, Habra |
| 2 | Details of the workforce (technical, skilled, semi-skilled, and unskilled) are not mentioned in the DPR. | Almost in every ULB |
| 3 | Work progress has been stalled due to socio-political reasons. | Tamralipta |
| 4 | Communication gap between ULB and KMDA in AMRUT projects | Madhyamgram, New Barrackpore, Kamarhati, Baranagar, Dumdum. |
| 5 | Order from Higher Authorities to provide House service Connections to unregistered households under the ULB | South Dumdum (occupier tax implemented). |

Thank You for your time...
